

Instructions for Use

Thank you for visiting CSPD's Online Continuing Education project. The great benefits of online education are that programs may be viewed multiple times at your convenience, paused for breaks and parts may be repeated to better master the subject matter. We hope that you enjoy your time here.

Selecting **All Videos** will display our complete collection of programs. By choosing **Category**, you may then view a list of more defined subjects like **Sedation, Preventive Dentistry** or other groupings.

Programs purchased may be viewed for a period of four months using your **PayPal** account or a credit card. During this time you must take and pass the quiz to receive a continuing education (CE) certificate. A number of programs are free to view.

Some programs consist of two or more parts. To receive CE credits for these multipart programs, you must review the first part(s), purchase the last part and take/pass the quiz before you are able to print and/or save a copy of your CE Certificate for the complete course. You must score at least 70% correct to pass the quizzes and may retake the quiz or return to retake the quiz until you have succeeded during this four month period.

CSPD is an ADA CERP recognized provider approved by the AAPD. CSPD is a recognized state component of the AAPD. **California CE credits are provided under the Registered CE provider permits of the American Academy of Pediatric Dentistry (AAPD).** Sedation programs qualify for CE credits needed for renewal of the *California Pediatric Oral Conscious Sedation Certificate*.

Comments and questions about this online CE portal should be directed to the CSPD main office at (916) 231-2142. either under the Registered CE provider permits of the American Academy of Pediatric Dentistry (AAPD).
