

## Recognition, Conflict of Interest and Other Notices

The California Society of Pediatric Dentistry (CSPD) is an ADA CERP Recognized Provider Approved by the American Academy of Pediatric Dentistry.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

This California continuing education activity has been planned and implemented through joint efforts between American Academy of Pediatric Dentistry and California Society of Pediatric Dentistry. **California CE credits are provided under the Registered CE provider permit of the *American Academy of Pediatric Dentistry (AAPD)*.**

The CSPD specifies the maximum amount of continuing education credits as defined for each course. Members should only claim credits commensurate with the extent of their participation in the activity. While offering the continuing education credits described, courses are not intended to provide extensive training or lead to any type of certification in pediatric dentistry.

The CSPD does not certify competence or endorse performance of any skills taught during these courses. Furthermore, the courses do not supersede independent medical professional judgment. The CSPD resolves to ensure that its educational mission and its continuing education programs are not influenced by the special interests of any corporation or individual associated with its programs. While having a financial interest or professional affiliation with a corporation does not necessarily influence a speaker's presentation, accreditation standards and good judgment require that any relationship be disclosed to the audience. Any potential conflict of interest will be made known to the participants at the beginning of the program and in any course materials.

If you have any questions regarding these courses, please contact the CSPD central office at (916) 231-2141.
